## Nano-Crystal Skin Healing!

### Dr. Erlich

In the early part of last century, Dr. Paul Erlich and Dr. Bayer (of Bayer Aspirin fame) put their heads together to create a skin treatment for burns. Little did they know, when they started this project, that their discovery could be used for so many purposes. Their discovery ended up being the preferred burn treatment in Chicago’s Cook County Hospital Burn Unit for many years until Big Pharma was able to successfully replace their discovery with modern drugs that were more profitable. Many people still believe today that nothing has ever worked better, with zero side effects, than their original formula.

### Purify The Blood

In 1899, Prof. Paul Ehrlich, M.D., LL.D., D.C.L., Ph.D., the Director of the Royal Institute for Experimental Therapy and Georg Speyer House for Experimental Thermo-therapy in Frankfurt-am-

Main, Germany, who received a Nobel prize in 1908 for Immunology, initiated with his co-workers, Prof. Karl Joseph Eberth, the famed German anatomist-pathologist-histologist (1835-1926), and Dr. Foelsing, a series of experiments for the purpose of developing a genuine disinfectant of mineral origin, that is, a genuine biological, which would stop the growth of foreign toxic substances in the human body, purify the blood and strengthen the natural zymotoxic groups of molecules of the human cell biology which, as natural anticytoxins of the human body, would destroy the invading foreign toxic substances and maintain the good health of the body.

### Produce Higher Immunity

Dr. Erlich was convinced that he had created the perfect toxoid formula. Toxoid means anatoxin; a toxin that has been treated so as to destroy its toxic property and that still retains its capability of stimulating the production of anti-

bodies and, thus, of producing an active immunity. He was convinced that he had a genuine disinfectant which heals and cures disease caused by bacteria, virus, toxic alkaloids or radiation poisoning of the cell nuclei. The greatest concern for a burn victim is not necessarily the burn, the risk of infection. Dr. Erlich was satisfied that he had the perfect formula.

Dr. Erlich described his toxoid formula as a universal solvent which thins and purifies the bloodstream of the human body and precipitates impurities from the cytoplasm of the human cells of the body. He said to spray the formula on the skin. Every drop of the spray mist contained a pure zinboracyl crystal which was absorbed through the skin into the blood. The crystal is necessary for pure blood and pure cytoplasm of tissue cells.

### Healed Almost Anything It Touched

He reported that his toxoid formula thinned the blood and helped form healthy red blood cells. It healed burns and stopped

### A Natural Biological

The crystal that they learned to make, with the help of Mother Nature, they called a zinboracyl crystal. Dr. Ehrlich reported that, when this crystal was added to water and sprayed onto the skin, the following benefits were reported:

- Neutralizes the effects of radiation & toxic alkaloids
- Strengthens enzyme reaction rate of the cells
- Restores the ionic balance or “natural dipole moment”
- Supplies oxygen to the cells
- Thins (purifies) the blood, allowing the natural antigens of the human body to overcome the disease and maintain the good health of the body

the pain, blistering and scarring of the skin tissue. It healed radiation burns of deeper cell tissue and the bone marrow which are caused by radioactive elements in the water, air and food. It stopped pain, slowed the growth of cancer, produced a tranquilizing effect on hyper-active persons such as autistic children and the mentally ill, but its negative ionization had no damaging side-effects as do drugs. It

## Personal Experiences With Nano-Crystal Skin Care

### Black mole:

“I have had a black mole on my left shoulder for many years. After using Nano-Crystal Skin Care consistently, the black mole fell off and normal new skin grew in its place.”

♥♥♥ Robert, NE

### Cat healed:

“I just had a fantastic healing take place with my cat. He had an infection in his eyes that would not respond to antibiotics internally or prescribed antibiotic eye drops. It seemed that nothing helped until I cleaned the outside (wiped gently) with Nano-Crystal Skin Care. I did this for three days at least once a day. The problem is solved. I understand that this eye infection can cause blindness.” ♥♥♥ Patricia, FL

### Curling iron burn:

“I recently burned my forehead with a very hot curling iron while styling my hair. It left a nasty burn. First thing I did was spray with Nano-Crystal Skin Care. Before putting on my makeup, I dabbed Nano-Crystal Skin Care on the spot. In about 9 days my forehead healed without a trace of a burn. I am now dabbing some spots on my body (look like age spots or moles) to see if it will work on them. I highly recommend this product.”

♥♥♥ Patricia,PA

### Skin tags:

“Nano-Crystal Skin Care has greatly reduced the size of my skin tags. It is amazing stuff. I will never be without it!” ♥♥♥ Bob, CA

# Personal Experiences With Nano-Crystal Skin Care

**Sunburn:**

“My son got a very bad sunburn on his face and back. I used Nano-Crystal Skin Care ‘pink stuff’ 3 times daily and it was great. He got relief right away. It is also really good on my arthritis - can’t live without it. Thank You.”  
♥♥♥♥ Susanne, MI

**Poison oak:**

“I had poison oak all over my body and had to go to the emergency room for treatment. The blisters were so bad that they were oozing. After using Nano-Crystal Skin Care for only three days, they began to dry up and now are almost healed. I love this product.” ♥♥♥♥ Judy, OK

**Foot ulcer:**

“My husband has an ulcer on his foot. I have been spraying his foot with Nano-Crystal Skin Care to keep it moist and help stop the infection on his foot. The infection is now healed and there is new healthy tissue growing. These products really work. The ulcer is a diabetic ulcer and has caused my husband to lose a portion of his foot. The above photos show the progress thus far.” ♥♥♥♥ Vicky, OR

**Calcium deposit:**

“I had a calcium deposit on my foot so I started spraying my foot twice a day with Nano-Crystal Skin Care and within 2-3 months it had disappeared and now my foot is comfortable in my shoe again. I have also used Nano-Crystal Skin Care on burns that I got from cooking and my husband was amazed at how fast the

burn went away after spraying it on the burn. We keep it on the kitchen table now.”  
♥♥♥♥ Judith, NE

**Sores on face & legs:**

“I had a sore on my face and on my legs. Thanks to Nano-Crystal Skin Care, the one I had on my face is no longer there and it had been there for a couple of years. Now I have my husband talking me into order a higher quantity when I call. Nano-Crystal Skin Care works great.” ♥♥♥♥ Luci, AZ

**Sores and burns:**

“Nano-Crystal Skin Care is working terrific for my sores and burns, I do love the stuff. I get blood clots under my skin from the least little bump on my hands and arms. They go away fast with Nano-Crystal Skin Care. I am now using Nano-Crystal Skin Care in my bath water and my thin skin is getting better and better.”  
♥♥♥♥ Michelina, TX

**Growth on hand is gone:**

“I have used Nano-Crystal Skin Care for several years for different things. It removed a growth on my husband’s hand. Also, I’ve been using it along with skin lotion on my face. And even though I’m 62 years old, my complexion feels just like velvet. We use it for many different things.” ♥♥♥♥ P.H., AR

**Bunion and neck pain improve:**

“My husband and I have been using Nano-Crystal Skin Care for some time and really give

it credit for helping me get rid of a bunion, plus it helps to get rid of pain that my husband had in his neck, caused by arthritis. We have given a bottle of it to one of his brothers and he is really sold on it too.”  
♥♥♥♥ Mrs. E.C., IN

**Skin tags gone:**

“I have a grand baby who likes to ‘touch’ and she found some skin tags above my armpit. She did more than touch. They became so infected that they stuck out 1/2” and were very painful. I could not even touch them. I sprayed them with Nano-Crystal Skin Care every 4-5 hours for 2 days. The tags fell off and the skin is once again smooth. I am so glad to be rid of them.”  
♥♥♥♥ F.P., IL

**Bad neck**

“My husband periodically has a bad neck. Nothing shows, but it pains him. I suggested spraying it with Nano-Crystal Skin Care. The next morning he told me how much better it felt.” ♥♥♥♥ F.P., IL

**Film on eyes eliminated:**

“I ordered Nano-Crystal Skin Care to try in my eyes and on my skin. My eyes would get like a film over them and I could hardly read anything. Nano-Crystal Skin Care has eliminated the film, but the most amazing thing is what has happened to my nasal and sinus areas. I have had lots of trouble with drainage running down my throat, causing me to cough a lot. I have had to get up and leave meetings. I

couldn’t sleep for coughing and gagging. I weakened Nano-Crystal Skin Care the way I did for my eyes and started using it. I have quit coughing. My sinuses are clear.”  
♥♥♥♥ D.V., OH

**Bad back**

“I have a sister who has some degenerated discs in her back. She was complaining about her discomfort and I suggested spraying them. The next day she called to say it worked. Now she will be using Nano-Crystal Skin Care.”  
♥♥♥♥ F.P., IL

**Uses it for lots of things:**

“I have used Nano-Crystal Skin Care products for everything: hemorrhoids, nail fungus, mosquito bites, etc. It is everything you say it is, and more. Terrific! Best I have ever used.” ♥♥♥♥ W.S., IL

**Skin is smoother:**

“I like your products. I am noticing an improvement in my health and my skin is getting smoother and clearing up since using Nano-Crystal Skin Care. I want to introduce it to my friends. Please send me literature.”  
♥♥♥♥ M.S., OH

**Eye irritation and ringing in ears:**

“I began spraying Nano-Crystal Skin Care in my eyes because I had an irritation in the corner of my right eye, which also has a cataract in it. The lower lid of

# Personal Experiences With Nano-Crystal Skin Care

the right eye was quite swollen. It itched and felt scratchy. I sprayed both eyes 2-3 times per day, even though it smarted a little. At the end of the 3rd day, my right eyelid was not swollen and the eye felt so much better. The left eye is doing great too. My face got the advantage of Nano-Crystal Skin Care, too, as it ran down from the eyes and I rubbed it over my face. I shall continue this procedure until I go to the eye doctor. I know he will be very happy I found something that worked. All the things he had prescribed did nothing. I am excited to find out if the cataract is gone. Somehow I feel it is, or at least reduced."

♥♥♥♥ G.G., OR

## Time will tell.

"I have also had really bad ringing in my ears for years. I decided that since Nano-Crystal Skin Care helped my eyes, why not my ears? So, they got sprayed too! I am happy to report that the ringing is much less, not completely all gone, but I am confident that, in time, it too will be healed. "Send me some Nano-Crystal Skin Care brochures to give to inquiring friends. I will keep you posted. Thanks for your fine products. It has been a conversation piece with my friends." ♥♥♥♥ G.G., OR

## Bad bruise:

"Several months ago I had a bad fall on our asphalt driveway when my dog bolted upon seeing a stray animal. I was badly bruised and had a nasty scrape on the right side of my eye. I used Nano-Crystal Skin Care daily until the wound healed up nicely. I am thankful for this wonderful product."

♥♥♥♥ Ethel, AZ

## Cracking hands:

"Nano-Crystal Skin Care is the only product that I can put on my hands that keeps them from cracking!"

♥♥♥♥ Evelyn, WA

## Weird looking spot:

"I decided to 'test' Nano-Crystal Skin Care on a weird looking 'spot' I had on the outside of my left leg (quad). This spot has been there for years...not sure exactly how many but I know for sure more than 2. The color was dark pink. It was raised and the size of the pupil of your eye (when not dilated). I started using Nano-Crystal Skin Care every morning (just once a day). In just a couple weeks it was very difficult to find the 'spot'! It was reduced to such a degree that it now looks like a FRECKLE! The only reason I know it is not a freckle is where it is located. The color is no longer pink and it not rise. I am assuming the entire growth will be GONE very soon." ♥♥♥♥ Tina, CA

## Skin keratosis improves:

"Nano-Crystal Skin Care has done wonders in removing several 'keratosis' (a pre-cancerous skin condition often caused by too much sun exposure) from my face. After reading your literature about Nano-Crystal Skin Care I decided to try the pint size. I used it on my face for 3 weeks and I am so impressed with the results that I now want to order a gallon. Over the last 30 years I have tried other products for

that skin condition, but none were effective. I have fair skin and received very bad sunburns during the first 25 years of my life before the medical profession warned against too much sun exposure. Even though I have stayed away from too much sun for the last 30 years, I still had to go to a dermatologist every year for a special treatment where they 'burned' off the keratosis. A couple spots have even turned into basal cell carcinoma (a cancerous condition) which required surgical removal. I am grateful that I received your brochure regarding Nano-Crystal Skin Care."

♥♥♥♥ B.S., CA

## Gum infection:

"I had an inflamed lower gum. It was so painful that it was impossible to chew on the right side of my mouth. I used Nano-Crystal Skin Care as a mouthwash on that side of my mouth for about a week, I can now chew on the right side."

♥♥♥♥ J.S., OH

## Ingrown toenail:

"I received the bottle of Nano-Crystal Skin Care and I have a testimony! When I got the bottle, I noticed the same day that my big toe was hurting in my shoe. When I pulled my shoe off I noticed pus coming out of my big toe. So I sprayed Nano-Crystal Skin Care on the toe, soaking it well. I went to bed and the next morning the pus and the redness was completely gone! I continued to soak the toe for 3 days and now no problem with the ingrown toenail! Thanks for an awesome product!" ♥♥♥♥ D.R., SC

## Prevented blisters:

"My family just returned from Hawaii. We used an entire bottle of Nano-Crystal Skin Care and it was a lifesaver! It immediately took the pain away and prevented blistering. The kids loved it. They have learned to ask for it whenever they have an ouchie. Great stuff! Keep up the good work." ♥♥♥♥ G.M., AZ

## Knee cap healed:

"I cannot thank you enough for your products. I broke my kneecap in three pieces in October. I am a very active 74-year-old woman who looks like a 50-year-old. The doctor said it would take a year to heal. Last month, my neighbor asked if I was always going to limp. That was bad news for a ballroom dancer. The next day, I received your advertisement for Nano-Crystal Skin Care. I immediately ordered it. I cannot believe the results! Less than a week of spraying and my limp was gone! Besides my knees, my ankle and foot took a beating, so I also sprayed them with Nano-Crystal Skin Care. ♥♥♥♥ A.E., WI

## Scar gone:

"Nano-Crystal Skin Care really works! I had a scar for 50 years and I even had surgery on it. It was the worst scar you have ever seen. I started using the spray on it and it works. It really has worked! It healed the scar and it doesn't itch and burn anymore! It really has helped me!" ♥♥♥♥ Marnie, NC

## Fungus on fingers:

"My fungus on my fingers is gone! What a relief! I sure have enjoyed Nano-Crystal Skin Care! It is great stuff!!! God Bless." ♥♥♥♥ F.S., CA

# Nano-Crystal Skin Healing!

Continued from page 1

stopped the growth of anaerobic bacteria, fungi and viruses because it was a true disinfectant. Hospitals and doctors now know that antiseptics kill germs and healthy cells resulting in new unhealthy germs which antibiotics cannot kill.

## Spray It - Rub It

His toxoid formula was also a deodorant and mouthwash which absorbed an odor, but keeps a natural fragrance. It stopped acne. It stopped rashes and athlete's foot. It stopped uro-genital rashes, itching and all venereal disease. He recommended it for all feminine hygiene. He said to use diluted with pure water for a douche. He encouraged users to spray on the head, back of neck and spinal cord.

## Varicose Veins - Skin Disorders

He said that the formula would heal ulcers of varicose veins, heal varicose veins and remedy almost all skin disorders.

## Brain Surgeon

The noted Chicago Brain Surgeon, Dr. Amie Paul Heineck, used the formula in all of his numerous brain operations with astounding success. Dr. Heineck, an M.D., and Ph.D., died in 1952 at the age of 92 years.

## Big Pharma Strikes Again

The formula was introduced into Cook County Hospital, Chicago, Illinois, under Dr. Karl Meyer, as the dressing of choice for all infections and as the exclusive dressing for the Burn Unit. Eventually, Dr. Meyer was persuaded by a pharmaceutical company to use their chemicals in place of Dr. Erlich's natural biological toxoid formula.

From World War II until the present time, the American Medical Association and the large pharmaceutical companies have pushed a policy to advertise and sell the synthetic petrochemical drugs and to discredit the proven, healing, natural biologicals. Therefore, Dr. Erlich's formula, after its brilliant exposure as a true disinfectant with amazing healing properties for all gram positive organisms from 1920 to 1940, was pushed into relative obscurity by the AMA during the 1940's and 1950's.

## A Universal Solvent - Anelectric Infra-red Healing

Dr. Erlich (1854-1915) maintained to his death that his toxoid formula held the answer to disease for millions of people and that would become even more important as civilization continued to dump toxins into the air, ground and water. "All they have to do is use it, even when they think they don't need it."

# Personal Experiences With Nano-Crystal Skin Care

Continued from page 3

## Earrings no longer hurt ears:

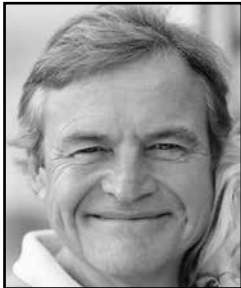

"My earlobes break out from time to time in a reaction to the metal in the earrings I wear. The lobes remain sore and itchy and sometimes runny for a period of time during which I cannot wear any type of earring. I decided to apply Nano-Crystal Skin Care to each lobe for a night or two and they immediately cleared up! If I put a little on each lobe before I put on the earrings my ear lobes remain unaffected by the earring metal. This is such a blessing. I am discovering other uses; for chapped hands and little cuts, etc. How wonderful to have a pure product that is safe and healthy to use. Thank you for Nano-Crystal Skin Care." ♥♥♥ M.H.

## Uses as a mouthwash:

"I used Nano-Crystal Skin Care for my sore gums and it worked great. I used it as a gargle and as a mouthwash. First, my bleeding stopped and then my gums gradually lost their soreness. It worked great. I had tried various mouthwashes, to no avail. I also noticed that Nano-Crystal Skin Care removed more debris from my mouth even after it appeared clean from using a traditional mouthwash. It doesn't taste the greatest, but it sure does work!" ♥♥♥ G.M., AZ

## Mouth burns:

"I have been using Nano-Crystal Skin Care to help heal my mouth. If I burn my mouth with hot food I rinse my mouth and it is better within a day or two. Also a couple of times I have felt cold sores starting and I then rinsed my mouth several times a day and the sores disappeared before they took hold. Fantastic!" ♥♥♥ S.S. MI

## Leg rash:

"Thank you for creating Nano-Crystal Skin Care. Last summer I developed a rash, very bumpy, red and itchy on the right leg, between the knee and ankle in front. After several weeks it migrated to the left leg. A doctor gave me a shot of kenelog, which gave some relief, but it has been coming back. I started spraying Nano-Crystal Skin Care 2 weeks ago. The patches are yielding greenish rather gross material, the legs are looking less red and itch less. Just ordered some more, hope it will completely eliminate the problem." ♥♥♥ B.M., NV

## Allergic reaction healed:

"I was out in my backyard and got into something that caused me to have a severe reaction of itching and blistering all over my arms. I immediately sprayed Nano-Crystal Skin Care where the redness and

bumps were and the itching immediately stopped. I waited a few minutes and then sprayed my arms again. Within about 30 minutes, all signs of rash had left my arms. My wife was astonished at the effectiveness of Nano-Crystal Skin Care." ♥♥♥ A.H., IL

## Son's allergies:

"Wow! We have a son who dearly loves the outdoors and animals and nature, but he has sensitive dry skin and has ringworm on various parts of his body. We went to the doctor who gave us ointments, a long messy treatment and not effective. He had one on his upper arm which embarrassed him because of its visibility. We decided to try Nano-Crystal Skin Care. Amazing stuff. What an easy non-messy way to get rid of virile bacteria." ♥♥♥ CM., CA
